**STAINGuard**  
Practicality & Performance

**SPF**  
SUN PROTECTED FIBRE

Colour Strength

Finding the perfect Redbook carpet is easy with the selection of imaginative colours, styles, patterns and textures.

### Practicality

All Redbook carpets are designed to be hard-wearing, fade resistant and offer real value for money. Your carpet will hold its shape and appearance, standing up to the busy foot traffic of family homes.

With easy cleaning and maintenance you can entertain, relax and unwind on your gorgeous new carpet from Redbook.

### Comfort & Warmth

A Redbook carpet will turn your house into a home. Superior acoustic insulation properties make your home quieter and more peaceful while the thermal insulation properties retain warmth to keep your family cosy in winter.

### StainGuard

Look for the StainGuard symbol on the Redbook carpet sample for practicality and performance. StainGuard protects your carpet against most household food and beverage spills.

### Style

Whether you prefer a luxurious deep pile plush, a textured loop pile or a patterned cut and loop, there is a large selection of styles to suit your interior.

### Colour

Choosing the colour is one of the most important aspects to consider when selecting your carpet. From neutrals to bright and bold hues, whatever your interior style you will find the perfect colour in the Redbook range.

### SPF® (Sun Protected Fibre)

SPF® is a revolutionary carpet technology that helps protect your carpet against fading. For long lasting colour and a range of vibrant colour options look for the SPF® label on selected premium nylon carpets.

### ColourStrength

Redbook solution dyed nylon carpets feature ColourStrength protection for long lasting colour. ColourStrength locks colour into every fibre, providing excellent fade resistance.
